## DISCOVER THE MOVENPICK ICE CREAM EXPERIENCE

We strive for excellence in everything we do for you to experience the unique taste sensations which have always been a feature of Mövenpick ice cream.

A passion for the extraordinary, the very best natural ingredients and the savoir faire of the Mövenpick craftsmen have always formed the basis of Mövenpick's refined creations.

# THE ORIGINS OF MÖVENPICK ICE CREAM

It is important for the Mövenpick ice cream makers to build longstanding relationships with the best suppliers to ensure each ingredient used in the recipes is unsurpassed in quality.

Time is spent to ensure ingredients are always of the highest standard. Whether it's the Swiss milk and cream from cows with a high quality of life due to the amount of time they spend in fresh air, or the chocolate by renowned Swiss chocolatiers, the ingredients have been carefully sourced to ensure a taste of luxury with every mouthful of Mövenpick ice cream or sorbet.

It is the creaminess and consistency of taste that sets Mövenpick apart from its competitors. Each flavour has its very own recipe, even from the initial mixture creating the perfect balance of ingredients. The ripples and inclusions are there to add depth and contrast ensuring a taste sensation with every scoop.

## NATURE'S BEST INGREDIENTS

"Open a window into the garden of pleasure" Ueli Prager, our founder, believed that natural ingredients would provide pleasurable indulgence. We believe that pure, natural ingredients and Alpine cream can be blended together to create a delicious and premium ice cream experience.

## ALPINE CREAM

The most important ingredient in ice cream is cream! So we use only the best. Our farmers have small farms which are located in the serenity of the Alps. Our cows are mostly in open stalls and lawns, fed primarily on grass, flowers and herbs.

## FREE SPIRITED CRAFTSMAN

Our craftsman explore the world just like our founder by being "open and curious to everything".

We experience life to innovate and create with an open-minded and joyful attitude, we dare to think outside the square and embrace new flavours and trends.
